REACH is selling black walnuts for \$5.00 for a 6 oz bag. Also we will be selling chestnuts for \$6.00 for an 8 oz bag. Proceeds will go to Rikki's. We have a limited number, so tell people to get their orders to us ASAP. The nuts will be gathered, dried and bagged by the REACH team members. REACH is a program for students with intellectual disabilities ages 18 to 22 and is a Post Secondary Program provided by Spotsylvania County Schools. It is a program that teaches life skills and transitions team members from school life to adult activities. One aspect of the program is to teach community involvement and Rikki's is one of the organizations we work with. Dennis/Crystal banes2@peoplepc.com
